MEDICINE HEALS THE BODY. MUSIC HEALS THE SOUL.

Editor's Corner

The word around town

The Wings of Hope Soaring to New Heights Endowment Campaign recently received a big boost, having received a \$1 million gift from the William R. Orthwein, Jr. and Laura Rand Orthwein Foundation. This donation has grown the endowment to nearly \$8 million, which is moving it closer to its \$10 million Phase 1 goal. According to a press release, the goal of the endowment campaign is "to ensure Wings of Hope has the capital to secure the planes needed, cultivate the next generation of volunteer pilots and expand the organization's Medical Relief & Air Transport program - allowing it to serve 50 percent more people with free transportation to health care."

Congratulations to **Christine M. Cadio**, FACHE, president and CEO of St. Luke's Health Corporation, for being awarded the Missouri Hospital Association Distinguished Service Award for her ongoing commitment to improving health care policy and leadership in Missouri and the nation. According to a press release, the award is the highest honor given by the MHA.
