## Meet Micah

Born with one leg shorter than the other, 17-year-old Micah has been flying with Wings of Hope from her home in Kansas to Shriners Children's St. Louis since she was five. After 16 surgeries, Micah is close to completing her treatment. She says her last flight with Wings of Hope will be bittersweet: "You guys have watched me grow up."

A junior in high school on track to graduate early, Micah's not sure what she wants to do after graduation – but her flying days may not be over. She's thinking about becoming a flight attendant.

100% of the proceeds from this airplane raffle support our mission of changing and saving lives through the power of aviation – thank you!
