Meet Brie

Soon after Brie was born, her growth plate was accidentally hit during surgery to treat an infection. This resulted in her left leg growing shorter than her right. Brie had her first leg-lengthening surgery at Shriners Children's St. Louis when she was 6 years old. Four more surgeries and eight years later, the difference between her legs has shrunk from 6 inches to half an inch. Today, the 14-year-old honors student is hopeful that her next surgery will be her last. Wings of Hope has flown Brie and her mom, Sheila, to St. Louis 55 times — saving them a 15-hour roundtrip drive from their home in Knoxville, Tenn.

"Without Wings of Hope, we would have never been able to accomplish the things that she needed done. Once they help you, it doesn't matter what you need. You're forever a patient of theirs. We're so thankful!" — Brie's mom, Sheila

100% of the proceeds from this airplane raffle support our mission of changing and saving lives through the power of aviation — thank you!

**Tickets go on sale March 12, 2025 at 12am Central Time.
